

TO WHOM IT MAY CONCERN

In his third year at Awty Jacques Weber continues to be a hard working and dedicated foreign language teacher. Starting as a substitute for one of our senior Spanish teachers in March 2005, Mr. Weber has established himself as a well respected and appreciated educator and a full time member of the language department. Jacques is perfectly trilingual and has good knowledge of several other languages. He teaches French and Spanish in our Middle and Upper School classes.

I commend Mr. Weber for his sense of responsibilities, his passion for foreign languages and his complete dedication to his task. Jacques Weber often spends extra time after school bigheartedly helping students with their foreign language skills.

Jacques Weber is also a demanding teacher who establishes a good relationship not only with his students but also with his peers and the members of the administration as well.

He is very receptive to constructive vis-à-vis teaching and does not hesitate to inform me of any issue that I should be aware of.

His dedication and natural enthusiasm for teaching is remarkable and I have been very fortunate to count him as a member of my department for a few years.

I finally commend Jacques Weber for his sense of human relation his genuine kindness and compassion for others. Jacques has worked well beyond his regular duties to help one of our Spanish teachers critically ill over the last couple of years. He is not only an outstanding teacher but an exceptional human being.

All our students, colleagues and parents will deeply miss Jacques Weber next year but I wish him my best to continue his mission with the same enthusiasm and talent.
