Reference letter for Jacques WEBER

It is my great pleasure to write a letter for someone who has proven to be a dedicated, creative and highly successful teacher in our institution.

Jacques has been teaching French as a Second Language at the Awty International School since March 2005. He has taught in our Middle and Upper School classes, as well as in the International Baccalaureate program.

Jacques's high sense of professionalism, responsibility and dedication, have made him one of the best teachers I have had the pleasure to work with.

Jacques Weber establishes an excellent rapport with his students. A demanding teacher, he always encourages them to work to their full potential through the application of a variety of interactive activities in the classroom. One particular aspect of his teaching is his strong interest in the individual student and his/her needs.

In conclusion, I enthusiastically offer my support for any positions which Jacques Weber chooses to apply for. I know you will find him to be an excellent and reliable asset to your institution. Our loss is your gain.

Should you need further information, please feel free to contact me.

Sincerely,

Frédéric F. Houville
